

YOU AND YOUR KITTEN

Here is a place to draw a picture of your kitten.

CONNECT-THE-DOTS

Provide a quiet spot for its kitty pan.

Give your kitten a soft blanket or pillow.

Since kittens like toys as much as you do, be sure it has some.

Make sure the toys can't be swallowed or chewed.

Take your kitten for regular check-ups.
The veterinarian will examine your new friend to make sure it is healthy and will give it vaccinations. Be sure to ask any questions you have about caring for your kitten.

Here's a list of all the things you can do to help take care of your new kitten. Decide who'll help.

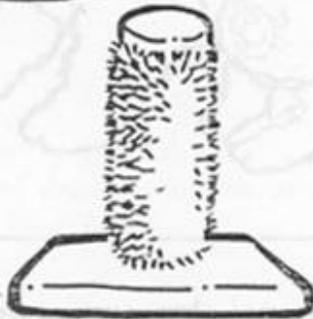

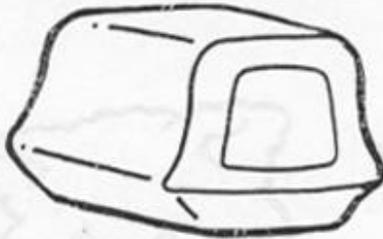

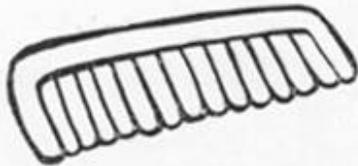

Your kitten may play "hide and seek" and jump
out to surprise you.

Ask your friends not to chase or try to catch your new kitten.
People, other animals, dogs or even another cat, may scare it.
The kitten will come to them once it feels safe.

THINGS THAT GO TOGETHER

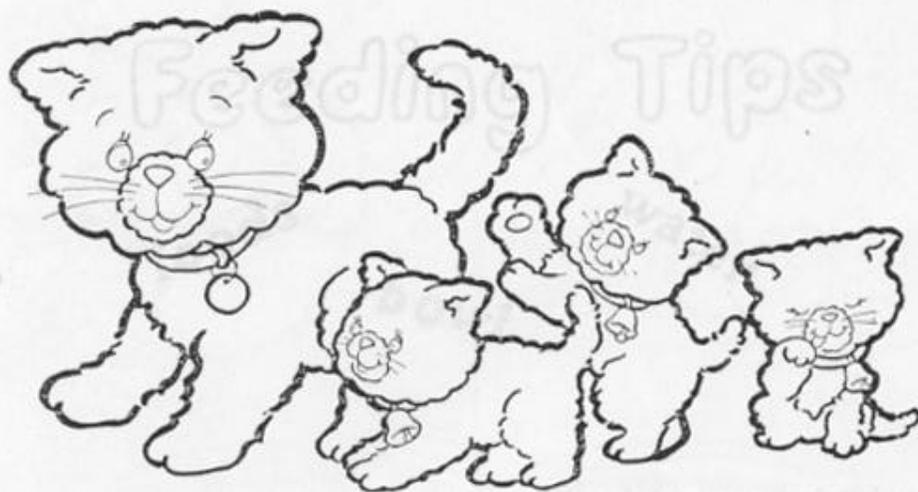

How many things do you think of when you think of the word "Cat"?
Write them or draw pictures of them here.

Draw a line to match the pictures.

Fill in Cat Blanks

Sound - Alikes

1. Feed small meals several times a day. Ask your veterinarian if it's best to have a bowl of dry food out all of the time.

2. Provide plenty of fresh water.

How many words can you think of that sound like "Cat"?
